

MEMBERSHIP APPLICATION

FROM THE PASTOR

The decision to become a member of a specific church is significant in that it acknowledges a personal faith in Christ and a desire to grow in that faith in the company of other believers.

A church family is a gift from God to a follower of Christ and each member is a gift to the congregation. Please know that you are of value and worth to Christ and His Church and it is hoped that Christ's Chapel becomes a safe and inspiring place of worship for you and your family for years to come.

I'd like to thank you for filling out this application for membership at Christ's Chapel. Please know that I regard pastoring this congregation to be an honor and look forward to serving you as a new member of this church. If there are issues or circumstances that develop at any time that you feel that I could assist you with, please do not hesitate to call. Also, if you have suggestions or insights into how I as your pastor or we as a congregation could do a better job in fulfilling the call of God in our church, please let me know.

Sincerely,

Terry Crigger, Pastor
